Jennifer Rogers

Hi, I'm Jennifer. I am a single mom of three amazing children. I have one daughter in high school, my youngest son is in middle school, and my oldest son is out of high school working a full-time job.

Why Did You Choose to Work in the Legal Industry?

Oddly enough, I didn't actually choose the legal industry – it chose me. When I graduated high school in 1995, I had an attorney approach me because of my computer / WordPerfect skills attained throughout high school.

At that time, WordPerfect was the most desired program used in just about all law firms in Carroll County. Since I already had four years of experience using WordPerfect, I was hired immediately, and I started working for this attorney the Monday after I graduated.

He trained me for his practice of Criminal, Family, and Medical Malpractice, and I also have 12 + years of experience with a Social Security Disability and Workers' Compensation law firm. I have been in the legal field since I was 18 years old, and I would not ever want to change careers.

What Do You Love Most About Your Role at the Law Office of Julie C. Moore?

I love being able to help people, and where I am employed now, we do just that. I have the best boss who truly cares for her employees and treats us like family, but most of all, our office cares about our clients.

What is Your Life Like Outside of Work?

My youngest son plays travel ball, so we spend a lot of time at the ball fields with practices, games, and championships. When we aren't traveling for games or practices, I enjoy going to church on Sundays, and I enjoy working in my yard, planting flowers, and working in our small garden.

What is One Fun Fact About You?

One fun fact that most people don't know about me is that my family moved to the Philippines when I was five years old, and we lived there until I was nine. We moved back to the US right before my 10th birthday.

Legal News From Julie C. Moore

Courts Around Georgia have Re-opened

I am very relieved that courts are finally opening back up since closing March 2020 due to covid. This picture of me was my first day going back to court, and I wanted to document the occasion. It feels good for things to start returning to normal finally, and I hope that it continues!

Thankfully, the courts in Georgia are slowly opening up to in-person hearings, which is excellent. However, just because things are reopening does not mean that the backlog of cases will go away quickly. Many challenges lie ahead for judges, attorneys, and court administrators as tens of thousands of cases have backed up since the pandemic limited the number of people who could gather in

courthouses. The next few months will be a challenge for everyone to get everything handled as quickly as possible, but the good news is that we are finally making some progress!

Many people have pending court cases and need someone to represent them for it. I want to help you in any way that I can, and I invite you to call us today. We handle wills & trust, criminal and personal injury cases for our clients, and we will be happy to help you. (770) 456-4333

Bankhead Drive-In Events in Carroll County

Summer is finally here, and I know that everyone is ready for some fun! A cool & unique place here in Carroll County that many people do not know about is the Freedom Drive-In on Bankhead. It is a drive-in movie theater that began during the height of covid to give people a safe event that they could enjoy. The drive-in has been very popular and has grown a lot throughout the last year.

This year, they have fun summer events, including a concert on Friday, June 11, 2021. The Freedom Drive-In proudly presents the Good OL' Boy Tour 2021 with Jacob Bryant, featuring Trey Teem, Tyler Chambers, Reid Morris, and Tony Evans Jr.

Gates will open at 6:00 p.m. with free parking. Bring a lawn chair or blankets, or rent a chair there.

Tickets for the event can be purchased at www.FreedomDriveIn.com. If you are not a fan of concerts, make sure to check out one of their movie

nights. It is a lot of fun to load up the family and watch a movie the old-school way. Sometimes, the most fun things in life are the simplest!

Funny Arrest Stories

Florida man claims he only drank at stoplights, and not while driving

In Vero Beach, Fl, police were called out one night to a local McDonald's because of a car repeatedly bumping the car in front of it in the drive-through. The driver, Earle Stevens, 69, was sitting in his car with a bottle of Jim Beam on the passenger seat when police arrived. The police immediately smelled alcohol on his breath and asked him if he was drinking and driving.

Earle insisted that he was NOT drinking and driving, that he was only drinking when he was stopped at a red light or stop sign, never when his car was moving. When they asked Mr. Stevens to get out of the car, he could not stand up straight as he was

swaying back and forth from being so intoxicated. He blew a .153 on a breathalyzer test, nearly twice the legal limit of 0.08 in Florida, and he was arrested. The Judge in his case disagreed with his defense and charged him with DUI, which no one except Mr. Stevens was surprised about.

"Creative" defense arguments such as this are not usually successful in court. If you get yourself into criminal trouble, you need an attorney with experience to help you out. Call the Law Office of Julie C. Moore, and we will help you with your defense. (770) 456-4333
